Frequently Asked Questions

- Q: Does the ForeverFit™ require a special size measurement?
A: No. Measure your ring size over the knuckle as usual. A loose fit allows for future growth of your knuckle, half a size or so.
- Q: How many sizes does the ForeverFit™ cover?
A: The mechanism adjusts DOWN three and one-half sizes keeping the comfortable and secure.
- Q: How is the ring put on and removed?
A: There are no latches or push buttons!
The ForeverFit™ slips on and off easily while maintaining a comfortable fit.
- Q: Can the mechanism be added to any ring, new or old?
A: Almost any ring, new or old, can easily be fitted with the Self-Sizing mechanism.
- Q: What if my ring size changes?
A: No problem. The ForeverFit™ automatically accommodates for changes in finger sizes.
- Q: Is the mechanism guaranteed?
A: The ForeverFit™ mechanism is guaranteed 100% against defects in materials and workmanship. The precision mechanism is engineered to provide a lifetime of trouble free service. Like a fine watch, regular inspection and cleaning by your jeweler is recommended.
